NURSING HOMES RECEIVING FUNDS FROM THE DEPARTMENT OF SOCIAL SERVICES

By: Mary Fitzpatrick, Legislative Analyst I

NURSING HOMES

In Connecticut, Department of Social Services (DSS) provides funds to:

- 216 chronic and convalescent nursing homes
- four rest homes with nursing supervision
- 101 residential care homes

QUESTION

How many nursing home facilities receive funds from the Department of Social Services (DSS)? Where are they located? How many beds are available?

Other OLR reports list residential housing programs operated by or under contract with other state agencies:

- [2014-R-0078](#) (departments of Developmental Services, Mental Health and Addiction Services, and Children and Families operated or funded group homes)
- [2014-R-0194](#) (emergency, supportive, and affordable housing receiving Department of Housing funding)
- [2014-R-0197](#) (residential programs operated by or under contract with the Department of Correction and Judicial Branch)

SUMMARY

DSS pays nursing homes per diem rates for caring for their Medicaid-eligible residents. Rates are set prospectively based on cost reports the homes submit each year. They are facility-specific and ordinarily DSS calculates them annually.

By law, the term “nursing home facility” includes chronic and convalescent nursing homes (CCNH), rest homes with nursing supervision (RHNS), and residential care homes (RCH). These terms do not necessarily describe separate facilities, rather levels of care that nursing homes can provide, under a Department of Public Health (DPH) license. A nursing home can be licensed at one or multiple levels of care.

DSS makes payments to certain facilities in other states; those are not included in this report.

According to DSS, as of June 19, 2014:

1. 216 CCNH facilities receive DSS funds, with a total of 26,327 beds;
2. four RHNS facilities receive DSS funds (two of these appear to be located at facilities licensed as a CCNH) with a total of 234 beds; and
3. 101 RCH facilities receive DSS funds, with a total of 2,754 beds.

CHRONIC AND CONVALESCENT NURSING HOMES

CCNHs are nursing home facilities licensed by DPH to provide skilled nursing care under medical supervision and direction to carry out nonsurgical treatment and dietary procedures for chronic diseases, convalescent stages, acute diseases, or injuries. According to DSS, 216 facilities receive DSS funds, with a total of 26,327 licensed beds. Table 1 lists those facilities, their locations, capacity, and beds/units occupied based on censuses taken in late 2013 and early 2014. The DSS data shows 23,919 occupied beds, though because this figure is based on multiple censuses, it is not exact. The table is alphabetical by town.

REST HOMES WITH NURSING SUPERVISION

RHNSs, also known as intermediate care facilities, are nursing home facilities that provide nursing supervision under a medical director 24 hours per day. DSS pays RHNSs a lower rate than CCNHs because RHNS residents need a lower level of care and the facilities require less nursing staff. According to DSS, four facilities receive DSS funds, with a total of 234 licensed beds. These facilities are often co-located with CCNHs (i.e., one facility has both CCNH beds and RHNS beds). Table 2 lists the RHNS facilities receiving DSS funds, their locations, capacity, and beds/units occupied based on censuses taken in January and March of 2014.

Table 2: Rest Homes with Nursing Supervision

<i>Town</i>	<i>Project Name</i>	<i>Capacity</i>	<i>Beds/Units Occupied</i>
Derby	Marshall Lane Manor	120	107
Hartford	Avery Nursing Home	69	61
Meriden	Silver Springs Care Center	2	2
Waterbury	Mattatuck Health Care Facility, Inc.	43	40

RESIDENTIAL CARE HOMES

An RCH is an institution with facilities and personnel to (1) furnish food, shelter, and laundry for people unrelated to the proprietor and (2) provide services of a personal nature, which do not require the training or skills of a licensed nurse. According to DSS, 101 facilities receive DSS funds, with a total of 2,754 licensed beds. Table 3 lists these facilities, their location, capacity, and beds/units occupied based on an average of censuses taken during 2013 (and, in some cases 2012) rounded to the nearest whole number, showing an estimated 2,500 occupied beds. The table is alphabetical by town. Homes listed as "private" do not submit cost reports to DSS and receive a minimum rate from DSS if they provide services to state-funded clients.
